<p>Company Anticipates Commencing its Confirmation Hearing in September 2021</p>**

DUBLIN, Sept. 3, 2021 /PRNewswire/ -- Mallinckrodt plc (OTCMKTS: MNKKQ) ("Mallinckrodt" or the "Company") today announced that it has reached an agreement with the Official Committee of Opioid Related Creditors (the "OCC") and the Restructuring Support Agreement (the "RSA") Parties to support an amended Plan of Reorganization (the "Amended Plan"), which the Company will file in the coming days. The agreement with the OCC follows recently announced agreements to support the Amended Plan that Mallinckrodt reached with the Official Committee of Unsecured Creditors appointed in its Chapter 11 cases (the "UCC") and certain of Mallinckrodt's second lien noteholders. The terms of all three settlements were filed today with the Bankruptcy Court and the U.S. Securities and Exchange Commission on Form 8-K.

Mark Trudeau, President and Chief Executive Officer of Mallinckrodt, said, "With this additional support, we are continuing to build consensus for our restructuring plan, which addresses litigation claims, reduces debt and positions the Company for the long term. The support of these important stakeholder groups reinforces our confidence that this is the best path forward for Mallinckrodt and its creditors, enabling us to preserve value while continuing to serve our customers and patients, support employees and work with our suppliers and other partners. As we continue to make important progress in this process, we remain committed to developing new therapies, improving patient health outcomes and supporting underserved patients with severe and critical conditions."

The Amended Plan is based on the Company's previously announced the RSA and includes key legal settlements that resolve, among other claims, opioid claims brought against the Company. The Amended Plan and RSA provide for a financial restructuring designed to strengthen the Company's balance sheet and reduce its total debt by approximately \$1.3 billion.¹ Implementing the Amended Plan and RSA will significantly improve Mallinckrodt's financial position and resolves the numerous lawsuits facing the Company, enabling the Company to continue executing its strategic priorities and developing and commercializing therapies that improve health outcomes.

The Amended Plan is now supported by:

- Holders of approximately 84% of the Company's guaranteed unsecured notes;
- An ad hoc group of first lien term lenders holding approximately \$1.3 billion of the Company's outstanding first lien term loans;
- 50 states and territories and the Plaintiffs' Executive Committee in the opioid multidistrict litigation, which will recommend that more than 1,000 plaintiffs in multi-district litigation against the Company support the Amended Plan and RSA;
- The Multi-State Governmental Entities Group (the "MSGE Group"), which represents more than 1,300 counties, municipalities, tribes and other governmental entities, across 38 states and territories, with opioid-related litigation against the Company;
- An ad hoc group of second lien noteholders holding a majority of the outstanding second lien notes;
- The UCC; and
- The OCC.

The UCC and the OCC are recommending that the constituents they represent, which include all of the Company's unsecured creditors and opioid plaintiffs, vote in favor of the Plan.

The Bankruptcy Court will hold a confirmation hearing to consider approval of the Plan, which will commence in September 2021. If the Amended Plan is confirmed, the Company intends to file an examinership proceeding in Ireland to effectuate the reorganization in Ireland, which the Company expects may take approximately 90-150 days.
