DUBLIN, Feb. 28, 2023 /PRNewswire/ -- [Mallinckrodt plc](#) (NYSE American: MNK) ("Mallinckrodt" or the "Company"), a global specialty pharmaceutical company, today reported results for the fourth quarter ended December 30, 2022.

"We are pleased with our performance this quarter as we continued the steady execution of our strategic priorities," said **Siggi Olafsson, President and Chief Executive Officer**. "We finished 2022 by exceeding our EBITDA guidance and achieving the high end of our net sales guidance for the year. We also increased cash on hand, reflecting our ongoing efforts to strengthen the balance sheet and optimize our cost structure. Rounding out our executive team, we welcomed Chief Scientific Officer Dr. Peter Richardson, who will play a critical role in leading our portfolio and pipeline expansion efforts and bringing value-enhancing therapies to market."

Mr. Olafsson continued, "Looking ahead, 2023 is an important year for Mallinckrodt. We have some meaningful opportunities in the business, namely the ongoing launches of Terlivaz (terlipressin) and StrataGraft® (allogeneic cultured keratinocytes and dermal fibroblasts in murine collagen – dsat) and bringing INOmax Evolve™ to the market if approved. We are encouraged by the momentum in our launch of Terlivaz, and we will continue to focus on returning Therakos® to growth and building on strong performance in our Specialty Generics segment. We are also prepared to navigate a number of challenges, including the loss of royalty revenue from Amitiza® (lubiprostone) and Acthar® Gel (Repository Corticotropin Injection) competition. In all, we believe Mallinckrodt is well-positioned to stabilize the business in the near term and achieve sustainable growth in the long term. We have made solid progress on our key initiatives and remain committed to advancing our business strategy while improving outcomes for patients with severe and critical conditions."

### Fourth Quarter 2022 Financial Results<sup>1</sup>

Mallinckrodt's net sales in the fourth quarter 2022 were \$489.3 million, as compared to \$597.2 million in the fourth quarter 2021. This reflects a decrease of 18.1% on a reported basis and 17.6% on a constant currency basis. These year-over-year comparisons were negatively impacted from an additional selling week in the comparable period in 2021. The Company believes this negatively affected the reported growth rate by approximately 6 to 9 percentage points for the quarter.

The Company's Specialty Brands segment reported net sales of \$320.7 million, as compared to \$397.4 million. This reflects a decrease of 19.3% on a reported basis and 18.6% on a constant currency basis, primarily due to the extra selling week in the comparable period in 2021; the impact of competition; reduced utilization of certain products due to the continued impact of the pandemic; and continued scrutiny on overall specialty pharmaceutical spending.

Mallinckrodt's Specialty Generics segment reported net sales of \$168.6 million, as compared to \$199.8 million. This reflects a decrease of 15.6% on a reported basis and 15.5% on a constant currency basis, primarily due to the extra selling week in the comparable period in 2021 and a decline in acetaminophen (APAP) product sales due to the planned manufacturing shutdown, partially offset by growth in finished dosage products.

The Company recorded a net loss for the fourth quarter of \$249.5 million, as compared to a net loss of \$204.0 million. Diluted loss

per share for the fourth quarter was \$18.94 with adjusted diluted earnings per share of \$4.07.

Mallinckrodt's Adjusted EBITDA in the fourth quarter was \$175.5 million, as compared to \$231.7 million. This decrease is primarily due to lower net sales and growth in investments associated with the launches of Terlivaz and StrataGraft, partially offset by the impact from cost structure improvements in both selling, general and administrative (SG&A) expenses and research and development (R&D) expenses as a result of the Company's initiatives to improve its overall cost structure and favorable impact from foreign currency.

Mallinckrodt's cash balance at the end of the fourth quarter was \$409.5 million. The Company continues to maintain an undrawn accounts receivable financing facility up to \$200 million, ending the quarter with approximately \$610 million in liquidity.

Total principal debt outstanding at the end of the fourth quarter was \$3.534 billion, with net debt of \$3.125 billion. Mallinckrodt repurchased \$47.7 million amount of its second lien notes due 2025 and 2029 at a discount of \$21.4 million during the year.

## Fiscal Year 2022 Financial Results<sup>2</sup>

Mallinckrodt net sales for the 2022 fiscal year includes \$874.6 million in the Predecessor period and \$1.040 billion in the Successor period for total net sales in the year of \$1.914 billion as compared to \$2.209 billion in fiscal 2021, with the annual decline driven by similar activities noted in the quarterly comparisons, including the impact of the extra selling week in the fiscal year 2021. The total net sales for the 2022 fiscal year includes net sales from the Specialty Brands segment of \$1.270 billion and Specialty Generics segment of \$644.8 million.

The Company reported net loss in the Predecessor period of \$313.1 million and a net loss in the Successor period of \$598.1 million for an aggregate net loss of \$911.2 million for the 2022 fiscal year.

Mallinckrodt's Adjusted EBITDA for the 2022 fiscal year was \$674.9 million.

## 2023 Financial Guidance<sup>3</sup>

For the full-year 2023, Mallinckrodt expects:

	<u>2023 Guidance</u>
Total net sales	\$1.700 billion to \$1.820 billion
Adjusted EBITDA	\$510 million to \$560 million

The Company does not provide a reconciliation of forward-looking non-GAAP guidance to the comparable GAAP measures as these items are inherently uncertain and difficult to estimate and cannot be predicted without unreasonable effort. Please see the "Reconciliation of Non-GAAP Financial Guidance" included in this release for a reconciliation of GAAP and non-GAAP financial measures for the fourth quarter and year to date.

## NON-GAAP FINANCIAL MEASURES

This press release contains financial measures, including adjusted EBITDA, adjusted net income, adjusted diluted earnings per share, adjusted gross profit, adjusted SG&A, net sales growth (loss) on a constant-currency basis, and net debt, which are considered "non-GAAP" financial measures under applicable SEC rules and regulations.

Adjusted EBITDA represents net income or loss prepared in accordance with accounting principles generally accepted in the U.S. ("GAAP") and adjusted for certain items that management believes are not reflective of the operational performance of the business. Adjustments to GAAP amounts include, as applicable to each measure, interest expense, net; income taxes; depreciation; amortization; restructuring charges, net; non-restructuring impairment charges; inventory step-up expense; discontinued operations; changes in fair value of contingent consideration obligations; significant legal and environmental charges; divestitures; separation costs; gains on debt extinguishment, net; unrealized gain or loss on equity investment; reorganization items, net; share-based compensation; fresh-start related expenses; and other items identified by the Company.

Adjusted net income, adjusted gross profit and adjusted SG&A represent amounts prepared in accordance with GAAP, adjusted for certain items that management believes are not reflective of the operational performance of the business. The adjustments for these items are on a pre-tax basis for adjusted gross profit and adjusted SG&A and on an after-tax basis for adjusted net income. Adjustments to GAAP amounts include, as applicable to each measure, amortization and non-restructuring impairment charges; restructuring and related charges, net; inventory step-up expense; discontinued operations; changes in fair value of contingent consideration obligations; significant legal and environmental charges; divestitures; separation costs; gains on debt extinguishment, net; acquisition and fresh-start related expenses; unrealized gain or loss on equity investments; reorganization items, net; tax effects of the aforementioned adjustments, changes in uncertain tax positions, as well as tax impacts from certain transactions, such as acquisitions or legal entity or asset reorganizations; and other items identified by the company. Adjusted diluted earnings per share represent adjusted net income divided by the number of diluted shares.

Segment net sales growth (loss) on a constant-currency basis measures the change in segment net sales between current- and prior-year periods using a constant currency, the exchange rate in effect during the applicable prior-year period.

Net debt as of December 30, 2022 represents the total principal debt outstanding of \$3.534 billion, less cash of \$409.5 million, each as prepared in accordance with GAAP.

The Company has provided these adjusted financial measures because they are used by management, along with financial measures in accordance with GAAP, to evaluate the Company's operating performance. In addition, the Company believes that they will be used by investors to measure Mallinckrodt's operating results. Management believes that presenting these adjusted measures provides useful information about the Company's performance across reporting periods on a consistent basis by excluding items that the Company does not believe are indicative of its core operating performance.

These adjusted measures should be considered supplemental to and not a substitute for financial information prepared in accordance with GAAP. The Company's definition of these adjusted measures may differ from similarly titled measures used by others.

Because adjusted financial measures exclude the effect of items that will increase or decrease the Company's reported results of operations, management strongly encourages investors to review the Company's consolidated financial statements and publicly filed reports in their entirety. A reconciliation of certain of these historical adjusted financial measures to the most directly comparable GAAP financial measures is included in the tables accompanying this release.

Further information regarding non-GAAP financial measures can be found on the Investor Relations page of the Company's website.

### ***Predecessor and Successor Periods***

Mallinckrodt's financial results for the year-to-date period ending December 30, 2022 include Successor and Predecessor periods. The Successor period runs from June 17, 2022 through December 30, 2022, while the Predecessor period includes January 1, 2022 through, and including, June 16, 2022. As a result of the application of fresh-start accounting, the Company's financial statements for periods prior to June 16, 2022 are not comparable to those for periods subsequent to June 16, 2022. Operating results for the Successor and Predecessor periods are not necessarily indicative of the results to be expected for a full fiscal year.

Mallinckrodt's results of operations as reported in its consolidated financial statements for the Successor and Predecessor periods are in accordance with GAAP. The presentation of the combined financial information of the Predecessor and Successor periods for the fiscal year ended December 30, 2022 is not in accordance with GAAP. However, the Company believes that the combined financial information is useful for management and investors to assess Mallinckrodt's ongoing financial and operational performance and trends. Accordingly, in addition to presenting results of operations as reported in consolidated financial statements in accordance with GAAP, certain tables and discussion included within this release also present the combined results for fiscal year ended December 30, 2022.

### **CAUTIONARY STATEMENTS RELATED TO FORWARD-LOOKING STATEMENTS**

Statements in this document that are not strictly historical, including statements regarding future financial condition and operating results, legal, economic, business, competitive and/or regulatory factors affecting Mallinckrodt's businesses, and any other statements regarding events or developments Mallinckrodt believes or anticipates will or may occur in the future, may be "forward-

looking" statements within the meaning of the Private Securities Litigation Reform Act of 1995, and involve a number of risks and uncertainties.

There are a number of important factors that could cause actual events to differ materially from those suggested or indicated by such forward-looking statements and you should not place undue reliance on any such forward-looking statements. These factors include risks and uncertainties related to, among other things: the comparability of Mallinckrodt's post-emergence financial results to its historical results and the projections filed with the bankruptcy court, changes in Mallinckrodt's business strategy that may be implemented by its board of directors, the listing of Mallinckrodt's ordinary shares on NYSE American LLC, the emergence of an active trading market for Mallinckrodt's ordinary shares and fluctuations in market price and trading volume, Mallinckrodt's tax treatment by the Internal Revenue Service under Section 7874 and Section 382 of the Internal Revenue Code of 1986, as amended, Mallinckrodt's repurchases of debt securities, the effects of the emergence from bankruptcy on the liquidity, results of operations and businesses of Mallinckrodt and its subsidiaries; governmental investigations and inquiries, regulatory actions and lawsuits brought against Mallinckrodt by government agencies and private parties with respect to its historical commercialization of opioids, including the global settlement to resolve all opioid-related claims; the settlement with governmental parties to resolve certain disputes relating to Acthar Gel; the ability to maintain relationships with Mallinckrodt's suppliers, customers, employees and other third parties as a result of, and following, the emergence from bankruptcy; the possibility that Mallinckrodt may be unable to achieve its business and strategic goals even now that the emergence from bankruptcy plan was successfully consummated; the non-dischargeability of certain claims against Mallinckrodt as part of the bankruptcy process; developing, funding and executing Mallinckrodt's business plan and continuing as a going concern; Mallinckrodt's post-bankruptcy capital structure; scrutiny from governments, legislative bodies and enforcement agencies related to sales, marketing and pricing practices; pricing pressure on certain of Mallinckrodt's products due to legal changes or changes in insurers' reimbursement practices resulting from recent increased public scrutiny of healthcare and pharmaceutical costs; the reimbursement practices of governmental health administration authorities, private health coverage insurers and other third-party payers; complex reporting and payment obligations under the Medicare and Medicaid rebate programs and other governmental purchasing and rebate programs; cost containment efforts of customers, purchasing groups, third-party payers and governmental organizations; changes in or failure to comply with relevant laws and regulations; Mallinckrodt's and its partners' ability to successfully develop or commercialize new products or expand commercial opportunities; Mallinckrodt's ability to navigate price fluctuations; competition; Mallinckrodt's and its partners' ability to protect intellectual property rights; limited clinical trial data for Acthar Gel; clinical studies and related regulatory processes; product liability losses and other litigation liability; material health, safety and environmental liabilities; business development activities; attraction and retention of key personnel; the effectiveness of information technology infrastructure including cybersecurity and data leakage risks; customer concentration; Mallinckrodt's reliance on certain individual products that are material to its financial performance; Mallinckrodt's ability to receive procurement and production quotas granted by the U.S. Drug Enforcement Administration; complex manufacturing processes; conducting business internationally; Mallinckrodt's ability to achieve expected benefits from restructuring activities; Mallinckrodt's significant levels of intangible assets and related impairment testing; labor and employment laws and regulations; natural disasters or other catastrophic events; Mallinckrodt's substantial indebtedness, its ability to generate sufficient cash to reduce its indebtedness and its potential need and ability to incur further indebtedness; Mallinckrodt's ability to generate sufficient cash to service indebtedness even now that the prepetition indebtedness has been restructured; restrictions on Mallinckrodt's operations contained in the agreements governing Mallinckrodt's indebtedness; Mallinckrodt's variable rate indebtedness; future changes to U.S. and foreign tax laws or the impact of disputes with governmental tax authorities; and the impact of Irish laws.

The "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of Mallinckrodt's Annual Report on Form 10-K for the fiscal year ended December 30, 2022, which the Company expects to file in the coming days with the SEC and will be available on Mallinckrodt's website at <http://www.mallinckrodt.com> and <http://www.sec.gov>. The Form 10-K will identify and describe in more detail the risks and uncertainties to which Mallinckrodt's businesses are subject. The forward-looking statements made herein speak only as of the date hereof and Mallinckrodt does not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise, except as required by law.

<sup>1</sup> The Company's quarterly comparisons are to a Successor period (three months ended December 30, 2022) and a Predecessor period (three months ended December 31, 2021). As a result of the application of fresh-start accounting, the Company's financial statements for periods prior to June 16, 2022 are not comparable to those for periods subsequent to June 16, 2022.

<sup>2</sup> As a result of emerging from Chapter 11, the Company's fiscal year 2022 consists of the Successor period (June 17, 2022 through December 30, 2022) and the Predecessor period (January 1, 2022 through, and including, June 16, 2022).

<sup>3</sup> 2023 Adjusted EBITDA guidance excludes potential fair value adjustments related to liability-based compensation awards, which is a long-term incentive provided to employees that the Company will settle in cash or stock, depending on the availability of shares at vesting.
