June 9, 2025

*Experienced and Highly Capable Senior Executives to Lead both the Branded Specialty Pharmaceutical and Generics & Sterile Injectables Businesses*

*Generics & Sterile Injectables Spin-Off to be Called Par Health*

DUBLIN and MALVERN, Pa., June 9, 2025 /PRNewswire/ -- [Mallinckrodt plc](#) ("Mallinckrodt") and [Endo, Inc.](#) (OTCQX: NDOI) ("Endo") today announced the future executive team that will drive the creation of global, scaled, diversified therapeutics leaders in both the branded specialty pharmaceuticals and the generics and sterile injectables (GxSI) businesses.

As announced on March 13, 2025, the proposed merger of Mallinckrodt and Endo envisions creating both a branded specialty pharmaceuticals company and, later, separating the generic pharmaceuticals businesses of the two companies along with Endo's sterile injectable operations, which is currently intended to be implemented through a spin-off of the separated businesses in an independent entity. The merger remains on course to be completed in the second half of this year, subject to approval by shareholders of both companies and customary closing conditions.

Today's announcement details the leadership team that will be assembled from Mallinckrodt and Endo, as well as critical executive functions for which new leaders will be recruited to help lead these businesses into a new era of growth and change.

"As we combine two companies with a rich legacy of innovation, we are building a highly capable and balanced team of proven leaders to help create a promising new future," said Siggí Olafsson, President and Chief Executive Officer of Mallinckrodt, who will become President and CEO of the combined company. "The leadership team of our newly combined company, along with the leaders of the GxSI business, will include executives from both Mallinckrodt and Endo who have deep experience and institutional knowledge, as well as new talent that will provide fresh insight and perspective. We are excited to bring together two great companies for the ultimate benefit of the patients we serve, and we thank employees of both companies for their tremendous work and efforts toward closing this merger."
