The enclosed proxy is solicited on behalf of the Board of Directors (the "Board of Directors") of Questcor Pharmaceuticals, Inc., a California corporation (the "Company"), for use at the 2004 annual meeting of shareholders (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of the 2004 Annual Meeting of Shareholders. The Annual Meeting will be held on May 17, 2004 at 9:00 a.m. local time at the Omni Hotel, 500 California Street, San Francisco, California 94104. The Company intends to mail this proxy statement and accompanying proxy card on or about April 5, 2004 to all shareholders entitled to vote at the Annual Meeting.

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to shareholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Company common stock, no par value per share (the "Common Stock"), beneficially owned by others to forward to such beneficial owners. The Company will reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company or, at the Company's request, MacKenzie Partners, Inc. No additional compensation will be paid to directors, officers or other regular employees for such services, but MacKenzie Partners, Inc. will be paid its customary fee, estimated to be approximately \$13,000.

Each holder of record of Series B Convertible Preferred Stock on the record date will be entitled to 0.875 votes for each share of Common Stock into which the Series B Convertible Preferred Stock is convertible on all matters to be voted upon at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 3260 Whipple Road, Union City, CA 94587, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Shareholder Proposals

Pursuant to Securities and Exchange Commission (“SEC”) Rule 14a-8, proposals that shareholders wish to include in the Company’s proxy statement and form of proxy for the Company’s 2005 annual meeting of shareholders must be received by the Company at its principal executive office at 3260 Whipple Road, Union City, California 94587, no later than December 6, 2004 and must satisfy the conditions established by the SEC for such proposals. Pursuant to SEC Rule 14a-4, if the Company has not received notice by February 20, 2005 of any matter a shareholder intends to propose for a vote at the 2005 annual meeting of shareholders, then a proxy solicited by the Board of Directors may be voted on such matter in the discretion of the proxy holder, without discussion of the matter in the proxy statement soliciting such proxy and without such matter appearing as a separate item on the proxy card. Additionally, proposals that shareholders wish to present at the Company’s 2005 annual meeting of shareholders (but not included in the Company’s related proxy statement and form of proxy) must be received by the Company at its principal executive office at 3260 Whipple Road, Union City, California 94587, not before January 5, 2005 and no later than February 5, 2005 and must satisfy the conditions for such proposals set forth in the Company’s Amended and Restated Bylaws (the “Bylaws”). Shareholders are advised to review the Company’s Bylaws, which contain requirements with respect to advance notice of shareholder proposals and director nominations. The Company has received notices from certain shareholders that they intend to nominate two persons for election to the Board of Directors at the Annual Meeting.

Security Holder Communications with the Board of Directors

The Company provides an informal process for security holders to send communications to the Board of Directors. Security holders who wish to contact the Board of Directors or any of its members may do so by writing to Questcor Pharmaceuticals, Inc. at 3260 Whipple Road, Union City, California 94587. Correspondence directed to an individual board member is referred, unopened, to that member. Correspondence not directed to a particular board member is referred, unopened, to the Chairman of the Board.

PROPOSAL 1

ELECTION OF DIRECTORS

There are seven nominees for the Board of Directors positions presently authorized in the Company’s Bylaws. Each director to be elected will hold office until the next annual meeting of shareholders and until his successor is duly elected and qualified, or until such director’s earlier death, resignation or removal. Each nominee listed below is currently a director of the Company.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected and management has no reason to believe that any nominee will be unable to serve.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote. The nominees receiving the highest number of votes of shares entitled to vote for them, up to the number of directors to be elected, will be elected. Votes withheld will be counted for the purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but will have no other effect upon the election of directors under California law. Under California law, if any shareholder present at the Annual Meeting gives such notice, all shareholders may cumulate their votes for the election of directors. The Company has received notices from certain shareholders that they intend to cumulate their votes for the election of directors. In such event, the proxy holders intend to cast the votes covered by the proxies received by them in such a manner under cumulative voting as they believe will ensure the election of as many of the Company’s nominees as possible.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF EACH
NAMED NOMINEE.**

Lead Director

In November 2003, the Board of Directors created the designation of Lead Director and appointed Brian C. Cunningham to serve as Lead Director through the Annual Meeting. Upon re-election to the Board of Directors at the Annual Meeting, the Board of Directors anticipates that Mr. Cunningham will be re-appointed to serve as Lead Director until the Company's next annual meeting of shareholders. As Lead Director, Mr. Cunningham is responsible for coordinating the activities of the Company's independent directors, presiding over regularly scheduled meetings of the Board of Directors and acting with the Company's Chairman, President and Chief Executive Officer Charles J. Casamento as a liaison between the Board of Directors and investors to provide general board leadership.

Board of Directors and Committee Meetings

The Board of Directors held fifteen meetings during the fiscal year ended December 31, 2003. Each of the Directors attended at least 75% of the aggregate number of meetings of the Board of Directors, and of the committees on which he served, held during the period for which he was a director or committee member, respectively. The Board of Directors has an Audit Committee, which held six meetings during the calendar year ended December 31, 2003, a Nominating and Corporate Governance Committee, which was formed in February 2004, and a Compensation Committee, which held four meetings during the calendar year ended December 31, 2003.

The Company has not adopted a formal policy on members of the Board of Directors attendance at its annual meeting of shareholders, although all members of the Board of Directors are invited to attend. All seven members of the then Board of Directors attended the Company's 2003 annual meeting of shareholders.

Committees of the Board of Directors

Audit Committee

The Company has a separately designated standing audit committee established in accordance with the requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Audit Committee"). The Audit Committee is responsible for reviewing and supervising the financial controls of the Company, including the selection of the Company's independent auditors, the scope of the audit procedures, the nature of the services to be performed by and the fees to be paid to the Company's independent auditors, and any changes to the accounting standards of the Company. The Audit Committee is composed of four non-employee directors: Mr. Thompson, who serves as Chairman, Mr. Bradsher, Mr. Saxe and Dr. Stoll. Each member of the Audit Committee is "independent" within the meaning of Rule 10A-3 under the Securities Exchange Act of 1934 and satisfies the independence standards of Section 121A of the Rules of the American Stock Exchange ("AMEX"). The charter for the Audit Committee is attached as Exhibit A to this Proxy Statement.

All members of the Audit Committee meet AMEX's audit committee financial sophistication requirements. The Company does not have an "audit committee financial expert" (as defined in the rules and regulations of the Securities and Exchange Commission) serving on the Audit Committee, but the Company believes that the background and financial sophistication of its members are sufficient to fulfill the duties of the Audit Committee.

Nominating and Corporate Governance Committee

The Company has a separately designated standing Nominating and Corporate Governance Committee of the Board of Directors (the "Nominating and Corporate Governance Committee"). The Nominating and Corporate Governance Committee is responsible for (i) the identification of qualified candidates to become members of the Board of Directors, (ii) the selection of nominees for election as directors at the next annual meeting of shareholders, (iii) the selection of candidates to fill any vacancies on the Board of Directors, and

Table of Contents

(iv) the analysis and recommendation to the Board of Directors on corporate governance matters applicable to the Company. The Nominating and Corporate Governance Committee is composed of three non-employee directors: Mr. Saxe, who serves as Chairman, Mr. Cunningham and Mr. Thompson. Each member of the Nominating and Corporate Governance Committee satisfies the independence standards of Section 121A of the Rules of the AMEX. The charter for the Nominating and Corporate Governance Committee is attached as Exhibit B to this Proxy Statement.

The Nominating and Corporate Governance Committee is responsible for selecting those individuals to recommend to the entire Board of Directors for election to the Board. The Nominating and Corporate Governance Committee will consider candidates for directors proposed by security holders. The Nominating and Corporate Governance Committee has no formal procedures for submitting candidates and, until otherwise determined, accepts written submissions that include the name, address and telephone number of the proposed nominee, along with a brief statement of the candidate's qualifications to serve as a director. If the proposed nominee is not the security holder submitting the name of the candidate, a letter from the candidate agreeing to the submission of his or her name for consideration should be provided at the time of submission.

The Nominating and Corporate Governance Committee identifies director nominees through a combination of referrals, including by management, existing members of the Board of Directors and security holders, and direct solicitations, where warranted. Once a candidate has been identified, the Nominating and Corporate Governance Committee reviews the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation. If the Nominating and Corporate Governance Committee believes it to be appropriate, committee members may meet with the proposed nominee before making a final determination whether to recommend the individual as a nominee to the entire Board of Directors to stand for election to the Board.

Among the factors that the committee considers when evaluating proposed nominees are their experience in the biopharmaceutical industry and knowledge of and experience in business matters, finance, capital markets and mergers and acquisitions. The Nominating and Corporate Governance Committee may request references and additional information from the candidate prior to reaching a conclusion. The Nominating and Corporate Governance Committee is under no obligation to formally respond to recommendations, although as a matter of practice, every effort is made to do so.

The Nominating and Corporate Governance Committee received no security holder recommendations for nomination to the Board of Directors prior to the 120th calendar day before the date the Company's proxy statement was released to shareholders in connection with the Company's 2003 annual meeting of shareholders. There are no director nominees for the Annual Meeting who are neither incumbent directors standing for re-election nor executive officers.

Compensation Committee

The Company has a separately designated standing Compensation Committee of the Board of Directors (the "Compensation Committee"). The Compensation Committee is responsible for (i) recommending the type and level of compensation for officers of the Company, and (ii) administering the Company's equity incentive plans. The Compensation Committee is composed of two non-employee directors: Mr. Sasinowski, who serves as Chairman, and Mr. Cunningham. Each member of the Compensation Committee satisfies the independence standards of Section 121A of the Rules of the AMEX.

PROPOSAL 2

TO APPROVE THE COMPANY'S 2004 NON-EMPLOYEE DIRECTORS'

EQUITY INCENTIVE PLAN

In February 2004, the Board of Directors adopted the 2004 Non-Employee Directors' Equity Incentive Plan (the "Plan"), subject to shareholder approval of the Plan at the Annual Meeting.

[Table of Contents](#)

The principal terms of the Plan are summarized below. The following summary is qualified in its entirety by the full text of the Plan, a copy of which is included as Exhibit C to this Proxy Statement. You are encouraged to read the Plan carefully. Capitalized terms used in the summary are used as defined in the Plan.

General Nature of the Director Option Plan

The Plan authorizes the grant to the Company's non-employee directors of non-qualified stock options. The principal purposes of the Plan are to provide incentives to non-employee directors of the Company to further the growth, development and financial success of the Company by personally benefiting through the ownership of Common Stock, and to obtain and retain the services of non-employee directors who are considered essential to the long range success of the Company through the grant of options.

Shares Reserved

Under the Plan, the aggregate number of shares of Common Stock that may be issued upon the exercise of options is 1,250,000. The shares of Common Stock available for issuance under the Plan may be either previously authorized and unissued shares or treasury shares. As is customary in incentive plans of this nature, the number and kind of shares available under the Plan and the then outstanding options, as well as the exercise price of outstanding options, are subject to adjustment in the event of certain reorganizations, mergers, combinations, consolidations, recapitalizations, reclassifications, stock splits, stock dividends, asset sales or other similar events, or extraordinary dividends or distributions of property to the shareholders. Available for issuance under the Plan are (i) shares subject to expired, exchanged or canceled options and (ii) shares delivered by the optionee or withheld by the Company in payment of the exercise price or any related tax-withholding obligation. Shares of Common Stock subject to options which are adjusted and become exercisable with respect to shares of stock of another corporation will be considered cancelled and may again be optioned or granted under the Plan.

Administration

The Plan is administered by the Board of Directors in accordance with the Plan provisions. The Board of Directors has the power to:

- construe and interpret the terms of the Plan and awards granted pursuant to the Plan;
- adopt rules for the administration, interpretation and application of the Plan that are consistent with the Plan; and
- interpret, amend or revoke any of the newly adopted rules of the Plan.

The Board of Directors also has the authority to amend any option granted under the Plan provided that such amendment does not adversely affect the rights of the option holder.

Automatic Option Grants

The Plan provides for automatic grants of "Director Options" and "Committee Options" to non-employee directors, as described below. Only non-employee directors are eligible for the grant of options under the Plan. However, a non-employee director who owns, directly or indirectly, shares representing 10% or more of the total outstanding shares of any class of stock of the Company will not be eligible for the grant of options under the Plan. Each option granted under the Plan is a non-qualified stock option.

Director Options

- Each person who first becomes a non-employee director during the term of the Plan by election or appointment to the Board of Directors automatically will be granted on the date of such person's election or appointment to the Board, an initial option to purchase 25,000 shares of Common Stock.

Table of Contents

- Thereafter, on each January 1 during the term of the Plan, each person who is a non-employee director as of such January 1 automatically will be granted an option to purchase 15,000 shares of Common Stock as of such January 1.

The exercise price of Director Options will equal 85% of the fair market value for a share of Common Stock on the date of grant, which equals the closing price for the Common Stock on the AMEX on such date of grant. Each Director Option will become exercisable in 48 equal monthly installments over the 4 year period commencing on the date of grant, provided the non-employee director has continuously served as a non-employee director, employee or consultant of the Company during such time.

Committee Options

- Each non-employee director who, on or after January 1 of a calendar year but before July 1 of the same calendar year, is appointed, for the first time, to one or more committees of the Board of Directors automatically will be granted an option to purchase 10,000 shares of Common Stock on the date of such appointment. Each non-employee director who, on or after July 1 of a calendar year but before December 31 of the same calendar year, is appointed, for the first time, to one or more committees of the Board of Directors automatically will be granted an option to purchase 5,000 shares of Common Stock on the date of such appointment. Thereafter, on each January 1 during the term of the Plan, each non-employee director who, as of such January 1, is a member of one or more committees of the Board of Directors automatically will be granted an option to purchase 10,000 shares of Common Stock as of such January 1.
- Each non-employee director who, on or after January 1 of a calendar year but before July 1 of the same calendar year, is appointed, for the first time, to be the chairperson of one or more committees of the Board of Directors automatically will be granted an option to purchase 7,500 shares of Common Stock on the date of such appointment. Each non-employee director who, on or after July 1 of a calendar year but before December 31 of the same calendar year, is appointed, to be the chairperson of one or more committees of the Board of Directors automatically will be granted an option to purchase 3,750 shares of Common Stock on the date of such appointment. Thereafter, on each January 1 during the term of the Plan, each non-employee director who, as of such January 1, is the chairperson of one or more committees of the Board of Directors automatically will be granted an option to purchase 7,500 shares of Common Stock as of such January 1.

The exercise price of Committee Options will equal 100% of the fair market value for a share of Common Stock on the date of grant, which equals the closing price for the Common Stock on the AMEX on such date of grant. Each Committee Option will be fully exercisable upon grant.

Term and Termination of Options

The term of each option will be 10 years from the date of grant. In the event of the termination of the optionee's service as a director, employee or consultant of the Company, the optionee (or the optionee's representative) may exercise the option at any time prior to the earliest of:

- 90 days following termination for reasons other than death or disability, unless the optionee dies within such 90 day period;
- one year following termination as a result of the death of such optionee;
- one year following termination as a result of such optionee's disability; or
- the expiration of 10 years from the date the option was granted.

Exercise of Options

An option may be exercised for any vested portion of the shares subject to the option until such option expires or terminates. Only whole shares may be purchased upon exercise.

Table of Contents

An option may be exercised by delivering to the Company a written notice of exercise, together with payment of the aggregate exercise price in the form of cash or a check payable to the Company. The Board of Directors may, however, in its discretion allow payment through:

- the delivery of shares of Common Stock already owned by the optionee for more than six months; or
- a combination of cash or a check payable to the Company and the delivery of shares of Common Stock already owned by the optionee for more than six months.

The Company must also receive payment of any applicable withholding tax, which in the discretion of the Board of Directors may be in the same form as used to pay the exercise price.

An optionee will not have any rights as a shareholder until the Company has issued and delivered the shares of common stock following option exercise. The Company will not adjust for dividends or distributions if the record date for the dividend or distribution is prior to the date of such stock issuance.

Options Not Transferable

Options granted under the Plan are not transferable by the recipient other than by will or the laws of descent and distribution, or pursuant to a domestic relations order, and are generally exercisable, during the recipient's lifetime, only by him or her; any amounts payable or shares issuable pursuant to an option will be paid only to the recipient or the recipient's beneficiary or representative.

Plan Amendment and Termination

The Board of Directors may amend or terminate the Plan at any time and in any manner, but in no event may options be granted under the Plan after the expiration of 10 years from the date the Plan is approved by the shareholders or adopted by the Board of Directors, whichever is earlier. Unless required by applicable law, shareholder approval for any amendment will not be required. Outstanding awards may be amended, subject, however, to the consent of the holder if the amendment alters or impairs the rights or obligations under the award or unless the award expressly provides for such amendment.

Acceleration of Awards; Possible Early Termination of Awards

If there is any dividend or other distribution, recapitalization, reclassification, stock split, reorganization, merger, consolidation, spin-off, combination, repurchase, liquidation, dissolution or sale, transfer, exchange or other disposition of all or substantially all of the Company's assets, or other similar corporate event affecting the Common Stock, the Board of Directors is authorized to take one or more of the following actions:

- adjust the aggregate number of shares of Common Stock subject to the Plan, the number of shares of Common Stock subject to outstanding options, and the exercise price per of outstanding options;
- provide for the purchase of any option for an amount of cash equal to the amount that could have been attained upon the exercise of such option had such option been currently exercisable or payable or fully vested or the replacement of such option with other rights or property selected by the Board of Directors, in its sole discretion;
- provide that outstanding options cannot vest, be exercised or become payable after such event;
- provide that all options shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in the Plan; and
- provide that any surviving corporation shall assume any options outstanding under the Plan or shall substitute similar options for those outstanding under the Plan.

Federal Income Tax Consequences

The following discussion summarizes federal income tax consequences of the Plan under current federal income tax law and is intended for general information only. Other federal taxes and foreign, state and local

Table of Contents

income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

For federal income tax purposes, optionees granted non-qualified stock options will not have taxable income on the grant of the option, nor will the Company then be entitled to any deduction. Generally, upon exercise of non-qualified stock options the optionee will realize ordinary income, and the Company will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of the common stock on the date of exercise. The optionee's basis for the stock for purposes of determining gain or loss on subsequent disposition of such shares generally will be the fair market value of the common stock on the date of option exercise. Any subsequent gain or loss will be generally taxable as capital gains or losses.

New Plan Benefits

If the Plan is approved by the shareholders:

- each of Messrs. Bradsher, Cunningham, Sasinowski, Saxe, Stoll and Thompson will be granted a Director Option to purchase 15,000 shares of Common Stock on January 1, 2005, provided he is a non-employee director at such time;
- each of Messrs. Bradsher, Cunningham, Sasinowski, Saxe, Stoll and Thompson will be granted a Committee Option to purchase 10,000 shares of Common Stock on January 1, 2005, provided he is a member of one or more committees of the Board of Directors at such time (see "Committees of the Board of Directors" above); and
- each of Messrs. Thompson, Sasinowski and Saxe will be granted a Committee Option to purchase 7,500 shares of Common Stock on January 1, 2005, provided he is the chairperson of one or more committees of the Board of Directors at such time (see "Committees of the Board of Directors" above).

The terms of each Director Option and Committee Option to be granted under the Plan are described above. The closing price for the Common Stock on the American Stock Exchange on March 15, 2004 was \$0.90.

Required Vote

The affirmative vote of the holders of a majority of the voting power represented by the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required for approval of the Plan. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the Audit Committee, has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004, and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since its inception in 1992. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Shareholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Bylaws or otherwise. However, the Board of Directors is submitting the selection of

Table of Contents

Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors and the Audit Committee in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its shareholders.

The affirmative vote of the holders of a majority of the voting power represented by the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY’S INDEPENDENT AUDITORS.

The following table presents fees for professional services rendered by Ernst & Young LLP for the audit of the Company’s annual financial statements for the years ended December 31, 2003 and December 31, 2002, and fees billed for other services rendered by Ernst & Young LLP during those periods. Certain amounts for fiscal year 2002 have been reclassified to conform to the fiscal year 2003 presentation.

Audit Related Fees	—	—
Tax Fees	—	3,690

Audit fees include the audit of the Company’s annual financial statements presented in the Company’s Annual Report on Form 10-K, reviews of interim financial statements presented in the Company’s Quarterly Reports on Form 10-Q and accounting, reporting and disclosure consultations related to those audits. Tax fees include consultations on technical matters. All other fees include advisory services.

The Company’s Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP, and has concluded that the provision of such services is compatible with maintaining the independence of the Company’s auditors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee’s policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval and the fees for the services performed to date.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements of the Company as of and for the year ended December 31, 2003 with management and the independent auditors. The Audit

Table of Contents

Committee has discussed with the independent auditors the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of management and the Company's independent auditors. In giving its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principals, and (ii) the report of the Company's independent auditors with respect to such financial statements.

Based on the reports and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC.

Employment Agreements

In August 1999, the Company entered into an employment agreement with Charles J. Casamento, Chairman, President and Chief Executive Officer. The agreement provides for an annual base salary of \$341,250 prior to January 1, 2000, and an annual base salary of not less than \$375,000 thereafter, subject to annual review. In January 2000, Mr. Casamento's annual base salary was increased to \$375,000; in January 2001, Mr. Casamento's annual base salary was increased to \$405,000; in January 2002, Mr. Casamento's annual base salary was increased to \$445,000; and in January 2003, Mr. Casamento's annual base salary was increased to \$458,500. The Board of Directors has deferred making a decision on any fiscal year 2004 base salary adjustment for Mr. Casamento until after the Annual Meeting. The Company provides Mr. Casamento with the opportunity to receive an additional annual bonus for each fiscal year of the Company. The amount of the bonus opportunity is 50% of the annual rate of base salary, and the Board of Directors determines the amount of Mr. Casamento's bonus for each fiscal year of the Company. Based on the accomplishments toward achieving certain previously determined and agreed upon corporate goals and objectives for the fiscal year ended December 31, 2003, the Board of Directors determined and approved a bonus for Mr. Casamento of \$34,388. The bonus has not been paid as of March 15, 2004.

Under his employment agreement, in November 1999 Mr. Casamento was granted an option to purchase 403,549 shares of Common Stock at an exercise price equal to the then fair market value of the Common Stock, which vests over a four year period commencing on the date of the grant. In addition, in November 1999 Mr. Casamento was granted an option to purchase 665,000 shares of Common Stock at an exercise price equal to the then fair market value of the Common Stock, which vests annually over five years from the date of the grant. During the calendar year ended December 31, 2003, Mr. Casamento was granted an option to purchase (i) 353,271 additional shares at an exercise price equal to the then fair market value of the Common Stock, which vests over a four year period commencing six months from the date of the grant, and (ii) 96,729 additional shares at an exercise price equal to the then fair market value of the Common Stock, which vests on the last day of the 45th month from the date of grant. The employment agreement provides that all of Mr. Casamento's stock options under any plan of the Company that are then outstanding shall become vested and exercisable immediately prior to any change in control of the Company (and Mr. Casamento would have a period of two years following the later of termination of employment or expiration of any lock-up agreement to exercise such options). The employment agreement also provides that, in the event Mr. Casamento's employment is terminated without cause, he will receive, as severance, continued payment of his then-base salary for twenty four months and a pro-rated portion of his annual bonus following such termination. In addition, Mr. Casamento would be entitled to receive Company paid insurance coverage for 24 months and coverage at his election and expense for an additional 24 months thereafter.

[Table of Contents](#)

Messrs. Morris and Beers are each party to an agreement that would provide certain benefits upon a change in control of the Company. The agreements provide that all of the employee's stock options under any plan of the Company that are then outstanding shall become vested and exercisable immediately prior to a change in control of the Company (and such employees would have a period of two years following the later of termination of employment or expiration of any lock-up agreement to exercise such options). Also, in the event a change in control occurs and the employee's employment with the Company is terminated involuntarily other than for cause, the employee will be entitled to receive a severance benefit in the amount equal to the sum of: (i) twelve months of base salary, and (ii) the employee's pro-rated maximum bonus opportunity for the fiscal year of the Company in which the termination of his employment occurs. In addition, such employees would be entitled to receive Company paid insurance coverage for 12 months and coverage at their election and expense for an additional 15 months.

Mr. Morris is also party to an agreement that provides, in the event of a termination without cause other than in connection with a change of control, that Mr. Morris will be entitled to receive a severance benefit in the amount equal to the sum of: (i) nine months of base salary and (ii) the pro-rated maximum bonus opportunity for the fiscal year of the Company in which the termination of his employment occurs. In addition, Mr. Morris would be entitled to receive Company paid insurance coverage for nine months.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

This report describes the philosophy that underlies the components of the Company's executive compensation programs. It also describes the details of the key elements of such programs, as well as the rationale for compensation paid to the Company's Chief Executive Officer and its officers in general.

Compensation Philosophy and Objectives

The Compensation Committee believes that all officers should be compensated based on their contribution to the Company and to building sustainable long-term value for the Company's shareholders. In determining specific compensation programs, the Compensation Committee considers individual and group performance, including successful achievement of business, management and research objectives, and maintenance of strong relationships with the Company's collaborators. The Compensation Committee strives to design compensation programs that will tie individual rewards to the Company's success and align interests between officers and shareholders of the Company. The Compensation Committee also strives to design compensation programs that help retain its officers and encourage personal and professional development and growth.

Compensation of Officers Generally

Officer compensation programs typically consist of four components: base salaries, bonuses, equity incentives and other compensation. Base salaries are established on the basis of the officer's experience, salary history and contribution to the Company. Bonuses are established on the basis of individual achievement of established objectives and overall corporate performance. Equity incentives typically consist of stock purchases and stock option grants under the Company's equity incentive plans. Stock options are granted as inducements to employment with the Company, to aid in retention and to align the interest of such officers with those of the Company's shareholders. Other compensatory components typically consist of relocation expenses, insurance premiums and similar payments. All components are evaluated annually to ensure that such components are appropriate and consistent with the strategic business objectives of the Company, corporate culture, and with enhancing shareholder value.

Base Salary

Base salaries for the Company's officers are established at competitive levels according to the salaries attributable to comparable positions at comparable companies within the healthcare, pharmaceutical and biotechnology industries. The Compensation Committee reviews the base salary of each officer annually. The

[Table of Contents](#)

Compensation Committee considers each officer's level of responsibility, experience and overall contribution to the Company. The Compensation Committee also considers equity and fairness in setting the base salary of its officers. In making salary recommendations, the Compensation Committee exercises discretion based on the foregoing criteria. The Compensation Committee does not apply a specific formula to determine the weight of each factor considered.

Bonuses

Bonuses for the Company's officers are recommended to the Board of Directors by the Compensation Committee and are based on the attainment of specific business and management objectives, overall corporate performance and other factors deemed relevant by the Compensation Committee. Bonuses for the Company's officers are then determined by the Board of Directors in its sole discretion.

Stock Options and Other Equity Incentives

The Compensation Committee administers the following equity incentive Plans for the Company: (i) the 1992 Plan, and (ii) upon shareholder approval of the Directors' plan, the Directors' Plan (collectively, the "Plans"). The Company's officers can receive stock option grants and other equity-based incentives under the 1992 Plan. The Company's officers may also receive non-statutory stock option grants that are not pursuant to any of the Plans.

Options to purchase shares of Common Stock are granted as incentives to the Company's officers, to aid in the retention of such officers and to align the interests of such officers with those of the shareholders.

The Compensation Committee grants incentive stock options to officers of the Company. Options granted during the twelve months ended December 31, 2003 were granted at a price equal to 100% of the fair market value of the Common Stock on the date of grant.

Policy on Deductibility of Compensation

Section 162(m) of the Tax Code provides in general that companies may not deduct in any taxable year compensation in excess of \$1,000,000 paid to any Named Executive Officer, except to the extent such excess constitutes performance-based compensation. In order for incentive based stock option grants to qualify as performance based compensation under Section 162(m), such options must be granted by a compensation committee comprised solely of "outside directors," and either: (i) the option plan contains a per-employee limitation on the number of shares for which options may be granted during a specified period, the per-employee limitation is approved by the shareholders, and the exercise price of the option is no less than the fair market value of the stock on the date of grant; or (ii) the option is granted (or exercisable) only upon the achievement (as certified in writing by the Compensation Committee) of an objective performance goal established in writing by the Compensation Committee while the outcome is substantially uncertain, and the option is approved by the shareholders. The Company currently does not intend to qualify its incentive compensation Plans under Section 162(m).

Chief Executive Officer Compensation

On January 1, 2003, Mr. Casamento's base salary was increased to \$458,500 as provided for in his employment agreement. During the calendar year ended December 31, 2003, Mr. Casamento was granted an option to purchase (i) 353,271 shares at an exercise price equal to the then fair market value of the Common Stock, which vests over a four year period commencing six months from the date of the grant, and (ii) 96,729 shares at an exercise price equal to the then fair market value of the Common Stock, which vests on the last day of the 45th month from the date of grant. Based on the accomplishments toward achieving certain previously determined and agreed upon corporate goals and objectives for the fiscal year ended December 31, 2003, the Board of Directors determined and approved a bonus for Mr. Casamento of \$34,388. The bonus has not been paid as of March 15, 2004. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Option grants to the Company's executive officers and directors are exempt from Section 16(b) liability, but, as a result of the change to the reporting requirements pursuant to the Sarbanes-Oxley Act of 2002, must be reported on Form 4 within two business days of the date on which the transaction occurs. Prior to this change to the reporting requirements, option grants to executive officers and directors that were exempt from Section 16(b) liability could be reported at the end of the year on Form 5. The Company inadvertently reported option grants to certain executive officers and directors at the end of the year on Form 5 instead of within two business days of such transactions on Form 4. This resulted in the filing of two late reports covering two exempt transactions for each of Messrs. Allnutt, Cunningham, Sasinowski, Saxe, Spitznagel, Stoll and Thompson, and the filing of one late report covering one transaction for Mr. Casamento, during the fiscal year ended December 31, 2003. Other

than as set forth in the preceding sentence, to the Company's knowledge and based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

AUDIT COMMITTEE CHARTER
AMENDED AND RESTATED AUDIT COMMITTEE CHARTER
of the Audit Committee
of Questcor Pharmaceuticals, Inc.

This Amended and Restated Audit Committee Charter was adopted by the Board of Directors (the “Board”) of Questcor Pharmaceuticals, Inc. (the “Company”) on November 3, 2003.

I. Purpose

The purpose of the Audit Committee (the “Committee”) is to assist the Board with its oversight responsibilities regarding: (i) the integrity of the Company’s financial statements; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the external auditor’s qualifications and independence; and (iv) the cost and performance of the Company’s external auditor. The Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the “SEC”) to be included in the Company’s annual proxy statement.

In addition to the powers and responsibilities expressly delegated to the Committee in this Charter, the Committee may exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Company’s bylaws. The powers and responsibilities delegated by the Board to the Committee in this Charter or otherwise shall be exercised and carried out by the Committee as it deems appropriate without requirement of Board approval, and any decision made by the Committee (including any decision to exercise or refrain from exercising any of the powers delegated to the Committee hereunder) shall be at the Committee’s sole discretion. While acting within the scope of the powers and responsibilities delegated to it, the Committee shall have and may exercise all the powers and authority of the Board. To the fullest extent permitted by law, the Committee shall have the power to determine which matters are within the scope of the powers and responsibilities delegated to it.

Management of the Company is responsible for the preparation, presentation and integrity of the Company’s financial statements as well as the Company’s financial reporting process, accounting policies, internal accounting controls and disclosure controls and procedures. The external auditor is responsible for performing an audit of the Company’s annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles and reviewing the Company’s quarterly financial statements. Except as otherwise expressly set forth herein, the Committee’s responsibilities are limited to oversight. Without limiting the generality of the foregoing, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company’s financial statements and disclosure are complete and accurate and in accordance with generally accepted accounting principles and applicable laws, rules and regulations. Each member of the Committee shall be entitled to rely on the integrity of those persons within the Company and of the professionals and experts (including the Company’s external auditor (or others responsible for the internal audit function (if applicable), including contracted non-employee or audit or accounting firms engaged to provide internal audit services)) from which the Committee receives information and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts.

Further, auditing literature, particularly Statement of Accounting Standards No. 100, defines the term “review” to include a particular set of required procedures to be undertaken by external auditors. The members of the Committee are not external auditors, and the term “review” as used in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements.

II. Membership

The Committee shall consist of at least three members of the Board. Each Committee member must be able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement. Members of the Committee are not required to be engaged in the accounting and auditing profession and, consequently, some members may not be expert in financial matters, or in matters involving auditing or accounting. Each Committee member shall satisfy the independence requirements of the American Stock Exchange and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The members of the Committee, including the Chair of the Committee, shall be appointed by the Board. Committee members may be removed from the Committee, with or without cause, by the Board.

III. Meetings and Procedures

The Chair (or in his or her absence, a member designated by the Chair or the remaining members of the Committee) shall preside at each meeting of the Committee and set the agendas for Committee meetings. The Committee shall have the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any provisions of the Company's bylaws that are applicable to the Committee.

The Committee shall meet at least once during each fiscal quarter and more frequently as the Committee deems desirable. The Committee shall meet separately, periodically, with management and with the external auditor. The Committee chairperson shall report on Committee activities to the full Board from time to time and shall cause the Committee minutes to be provided to the Board on an ongoing basis.

All non-management directors that are not members of the Committee may attend and observe meetings of the Committee, but shall not participate in any discussion or deliberation unless invited to do so by the Committee, and in any event shall not be entitled to vote. The Committee may, at its discretion, include in its meetings members of the Company's management, representatives of the external auditor, any other financial personnel employed or retained by the Company or any other persons whose presence the Committee believes to be necessary or appropriate. Notwithstanding the foregoing, the Committee may also exclude from its meetings any persons it deems appropriate, including, but not limited to, any non-management director that is not a member of the Committee.

The Committee may retain any independent counsel, experts or advisors (accounting, financial or otherwise) that the Committee believes to be necessary or appropriate. The Committee may also utilize the services of the Company's regular legal counsel or other advisors to the Company. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the external auditor for the purpose of rendering or issuing an audit report and to any advisors employed by the Committee.

The Committee may conduct or authorize investigations into any matters within the scope of the powers and responsibilities delegated to the Committee.

IV. Powers and Responsibilities

Interaction with the External Auditor

1. *Appointment and Oversight.* The Committee shall be directly responsible and have sole authority for the appointment, compensation, retention and oversight of the work of the external auditor (including resolution of any disagreements between Company management and the external auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company, and the external auditor shall report directly to the Committee.

2. *Pre-Approval of Services.* Before the external auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee shall pre-approve the engagement. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee regarding the Company's

engagement of the external auditor, provided the policies and procedures are detailed as to the particular service, the Committee is informed of each service provided and such policies and procedures do not include delegation of the Committee's responsibilities under the Exchange Act to the Company's management. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided such approvals are presented to the Committee at a subsequent meeting. If the Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Committee must be informed of each non-audit service provided by the external auditor. Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the SEC.

3. *Independence of External Auditor.* The Committee shall, at least annually, review the independence and quality control procedures of the external auditor and the experience and qualifications of the external auditor's senior personnel that are providing audit services to the Company. In conducting its review:

(i) The Committee shall obtain and review a report prepared by the external auditor describing (a) the auditing firm's internal quality-control procedures and (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues.

(ii) The Committee shall ensure that the external auditor prepare and deliver, at least annually, a written statement delineating all relationships between the external auditor and the Company, consistent with Independence Standards Board Standard 1. The Committee shall discuss with the external auditor any disclosed relationships or services that, in the view of the Committee, may impact the objectivity and independence of the external auditor. If the Committee determines that further inquiry is advisable, the Committee shall take appropriate action in response to the external auditor's report to satisfy itself of the auditor's independence.

(iii) The Committee shall confirm with the external auditor that the external auditor is in compliance with the partner rotation requirements established by the SEC.

(iv) The Committee shall consider whether the Company should adopt a rotation of the annual audit among independent auditing firms.

(v) The Committee shall, if applicable, consider whether the external auditor's provision of any permitted information technology services or other non-audit services to the Company is compatible with maintaining the independence of the external auditor.

MISCELLANEOUS PROVISIONS

6.1. *Not Transferable.*

(a) Except as otherwise provided in the Option Agreement evidencing the Option, no Option under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a DRO, unless and until such Option has been exercised, or the shares underlying such Option have been issued, and all restrictions applicable to such shares have lapsed. No Option or interest or right therein shall be liable for the debts, contracts or engagements of the Holder or his or her successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

(b) Except as otherwise provided in the Option Agreement evidencing the Option, during the lifetime of the Holder, only he or she may exercise an Option (or any portion thereof) granted to him or her under the Plan, unless it has been disposed of with the consent of the Administrator pursuant to a DRO. After the death of the Holder, any exercisable portion of an Option may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Option Agreement, be exercised by his or her personal representative or by any person empowered to do so under the deceased Holder's will or under the then applicable laws of descent and distribution. A Holder may, by delivering written notice to the Company in a form satisfactory to the Company, designate any person who, in the event of the death of the Holder, shall thereafter be entitled to exercise the Holder's Option in the manner and on the terms and conditions prescribed by the Plan and the Option Agreement evidencing such Option.

6.2. *Amendment, Suspension or Termination of the Plan.* Except as otherwise provided in this Section 6.2, the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Administrator. However, without approval of the Company's stockholders before or after the action by the Administrator, no action of the Administrator may, except as provided in Section 6.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under the Plan, and no action of the Administrator may be taken that would otherwise require approval by the Company's stockholders as a matter of applicable law, regulation or rule. No amendment, suspension or termination of the Plan shall, without the consent of the Holder, alter or impair any rights or obligations under any Option theretofore granted, unless the Option itself otherwise expressly so provides. No Options may be granted during any period of suspension or after termination of the Plan, and in no event may any Option be granted under the Plan after the first to occur of the following events:

- (a) The expiration of 10 years from the date the Plan is adopted by the Board; or

the Company, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event, in the Administrator's sole discretion, affects the Common Stock such that an adjustment is determined by the Administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, then the Administrator shall, in such manner as it may deem equitable, adjust any or all of:

- (i) The number and kind of shares of Common Stock (or other securities or property) with respect to which Options may be granted;
- (ii) The number and kind of shares of Common Stock (or other securities or property) subject to outstanding Options; and
- (iii) The grant or exercise price with respect to any Options.

(b) Subject to Section 6.3(c), in the event of any transaction or event described in Section 6.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations or accounting principles, the Administrator, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Option or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Holder's request, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Option under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) To provide for either the purchase of any such Option for an amount of cash equal to the amount that could have been attained upon the exercise of such Option or realization of the Holder's rights had such Option been currently exercisable or payable or fully vested or the replacement of such Option with other rights or property selected by the Administrator in its sole discretion;

(ii) To provide that the Option cannot vest, be exercised or become payable after such event;

(iii) To provide that such Option shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in Section 3.4 or the provisions of such Option;

(iv) To provide that such Option be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options or rights covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; and

(v) To make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Options.

(c) The Administrator may, in its discretion, include such further provisions and limitations in any Option, agreement or certificate, as it may deem equitable and in the best interests of the Company.

(d) The existence of the Plan, the Option Agreement and the Options granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

6.4. *Approval of Plan by Stockholders.* The Plan will be submitted for the approval of the Company's stockholders after the date of the Board's initial adoption of the Plan, and any amendment to the Plan increasing the aggregate number of shares of Common Stock issuable under the Plan will be submitted for the
